## TWO MORE DEATHS RESULT FROM RIOTING

### STEEL MEN'S LEADER OUTLINES CAUSES OF WALKOUT OF WORKERS

**Fitzpatrick Declares "Long Hours, Bad Treatment and Wages Below Pauper Line" Were Responsible for Move—Claims Steel Industry is "Bad Spot" in Industrial Situation.**

#### STEEL STRIKE SITUATION

Congress took a hand in the steel strike today when the senate committee on education and labor began at Washington an investigation of the causes leading up to the strike.

The physical aspect of the situation was little changed. The unions stood pat on their declaration that 342,000 men are idle throughout the country and that the iron and steel industry is "tied up."

On the other hand, operators in the Pittsburgh district with its encircling ring of steel cities, reported the condition today better than any time since the strike was called.

The mills of Homestead, Braddock, Duquesne, McKeesport, Brackenridge, Clairton and Pittsburgh proper continue to operate, some operators asserting that all mills are operating above 85 per cent normal.

There was little change in Chicago, Gary, Youngstown, Cleveland, Buffalo and Wheeling. In all these centers the mills appear to have been more or less supplied than in Pittsburgh. Chicago reported a slight resumption of work.

Except for spasmodic and minor outbreaks of disorder the strike continues with comparatively little violence.

WASHINGTON, Sept. 25.—"Long hours, bad treatment and wages below the paper line" were responsible for the American Federation of Labor initiating the unionization of the steel workers in August, 1918, and were the underlying causes of the present strike, John Fitzpatrick, head of the steel workers' national committee, declared before the senate education and labor committee investigating the steel strike when it began its hearings today.

"The steel industry for 18 or 20 years has been the bad spot in the industrial situation," Fitzpatrick added.

"It has had a tendency to drag down and backward the rest of the organized labor movement just as one rotten apple will contaminate a whole barrel of good apples."

He admitted that the American Federation of Labor had initiated the organization of the steel workers without any formal application from them but declared the American Federation of Labor's attention had been directed to the "rotten conditions in the steel industry by protests from the workers."

#### May Call Out Other Workers

Warning that the steel strike might prove more than a strike of steel workers was given by Fitzpatrick.

"Let me say that if what is going on in Pennsylvania today continues, the strike will not be confined to the steel mills," said Fitzpatrick. "There is no telling what may happen."

A thrill of horror ran through the hearing room when Fitzpatrick held up a photograph of a woman he said had been killed by "gun men" employed by the steel corporation before the strike was called. The woman's head, propped up on a pillow, revealed unmistakable evidence of a gun shot wound and of bruises. He said the woman was shot down in cold blood while trying to shield some children from the bullets of the "gun men."

"Get this one, too!" he quoted one of the gunmen as saying as "lead was pumped into her head."

"Great 'em rough, use the machine gun!" was advice the head of the Chicago chamber of commerce was charged with volunteering.

### ASSERTS STATE POLICE ARE "AS BAD AS DON COSSACKS"

PITTSBURGH, Sept. 25.—W. Z. Foster, director of the steel strikers in the Pittsburgh district, sent a telegram to Governor Sprout today, characterizing the tactics of the Pennsylvania state constabulary as "worthy of the Don Cossacks under the czar."

Foster's telegram was in reply to a telegram from Governor Sprout, which upheld the actions of the police in breaking up a strikers' mass meeting at North Clairton. It follows:

"Hon. W. G. Sprout, governor of Pennsylvania, Harrisburg, Pa.:  
"Dear sir:—Your telegram received and read carefully. In reply permit me to say that you have been greatly misinformed regarding the so-called riots at North Clairton. In substance the affair was nothing else but a deliberate and premeditated assault on a peaceful and legal assemblage of working men by the state police. The facts are these:

"A quiet orderly meeting was being held with the knowledge and consent of the local authorities in a place especially designated by the latter for the holding of such meetings. Suddenly, like a bolt from the sky, a detachment of mounted police appeared on

the scene, dashed among the people clubbing them and riding roughshod over them. Absolutely no order or dispersal was given. Of these facts we stand ready to submit proof from scores of witnesses. The whole affair was worthy of the Don Cossacks in the days of the czar. But those familiar with the methods of the Pennsylvania state police are not surprised at this. They are professional trouble makers and are doing as bad or worse in practically every strike bound town, where they are located. They are manufacturing terror in order that the steel workers' strike may be desecrated and broken.

"Unions, participating in this strike all of which are affiliated with the American Federation of Labor are doing their utmost to preserve order in the face of the most flagrant disregard of their fundamental rights of free speech and free assemblage and of unwarranted attacks by the state police. Our whole group of organizers are willing at all times to give the most active assistance to the constituted authorities to maintain order in this commonwealth.

(Signed) WILLIAM Z. FOSTER."

### VESSEL ON WAY TO NEW YORK HITS REEF OFF SHIPPAN POINT

**Hole Ripped In Bow of Rosalindi; Pumps Keep Craft Afloat.**

#### SHIP IN BAD POSITION

**Call for Vessels to Take Passengers Off of Steamer.**

STAMFORD, Conn., Sept. 25.—The steamship Rosalindi of the Red Cross line, bound from St. Johns, N. F., to New York, with a crew of 90 and 141 passengers on board, many of them American tourists, ran on Cowes Reef off Shippan Point in a heavy fog in the sound off here at 6:30 o'clock this morning. A big hole was ripped in the bow of the steamer.

The passengers, it is said, remained calm after the accident and the pumps were immediately set working and are keeping the ship afloat.

The Rosalindi lies about three-quarters of a mile off shore and about one-quarter of a mile from the outer edge of the reef. There is a choppy sea running and a strong southeast wind. The steamer lies in a bad position and will make the landing of her passengers most difficult.

As soon as the steamer struck the reef Captain H. C. Mitchell sent the purser ashore in a small boat. He landed at the home of Captain Robbins, a member of the United States naval construction board, and telephoned to the owners, Bowring & Co., New York, giving the news of the accident.

Arrangements were at once made to land the passengers here. The immigration authorities in New York have given permission to have the passengers and their baggage inspected here, when they will proceed by trains to their destinations. Arrangements have been made to have the passengers inspected at a local hotel. Vessels are being arranged for to take the passengers off.

The Rosalindi left St. Johns on Sept. 20 and stopped at Halifax on Sept. 23. She is a steel steamer of about 3,000 tons, and makes trips between New York and Canadian ports every 12 days.

#### PLAN TO CONSIDER TWO-MILL TAX LEVY

The proposed two-mill levy for county road purposes, one of the issues confronting Columbiana county electors at the November election, will be considered at a joint meeting of the municipal and county affairs and the roads and streets committee of the chamber of commerce Monday evening at 7:30 o'clock in chamber of commerce rooms.

Whether the issue is of such importance at this time as to jeopardize the future welfare of the county's public schools, as intimated in a communication from City Solicitor R. G. Thompson addressed to the city's school authorities will be given serious consideration at Monday's conference. It was intimated Thursday. Whatever decision is reached at the meeting will be referred to other cities of the county for similar action, it was stated.

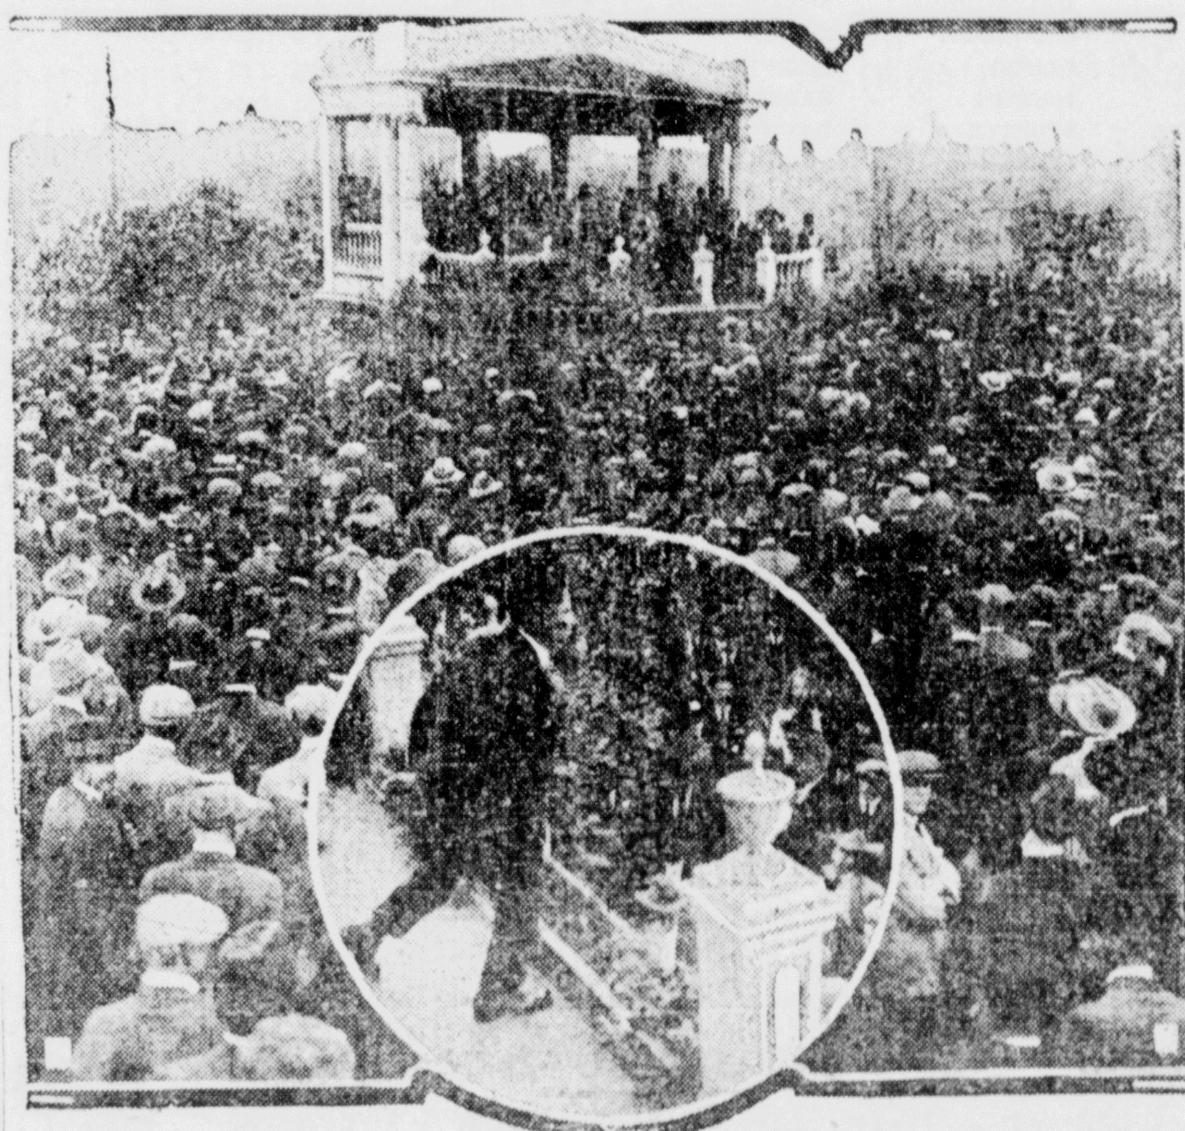

#### MASONS TO RETURN HOME ON THURSDAY

Several East Liverpool Masons are expected to return home Thursday from Toledo, where they attended a joint convention of the Ohio Royal Arch Masons and the Royal and Select Masters of Ohio.

J. Frank Flower, J. T. Croxall, Emmett J. Gaston and Robert M. Cartwright are included in the delegation from this city.

Six hundred delegates from all parts of the state attended the grand chapter, Royal Arch Masons of Ohio, which opened Wednesday. The grand council, Royal and Select Masters of Ohio, closed its sessions Tuesday.

#### SIX THOUSAND STEEL WORKERS HEAR LEADERS AT GARY

Meeting of strikers in East Side park, Gary, Ind. Inset shows one of leaders addressing crowd.

Because of the fact that it has one of the biggest mills of the U. S. Steel Corporation and is the town practically built by Elbert H. Gary, head of that organization,

Gary, Ind., feels that it is the heart of the steel industry. Leaders and workers in the steel workers' strike are watching the progress of the fight at Gary with interest. The

photo above shows the meeting place of the strikers from the Gary plants. The open space and rostrum at East Side park furnishes an ideal meeting place.

### ALLIANCE OF BIG UNIONS IS POSSIBILITY

**Railway Brotherhoods, Mine Workers and Steel Men May Amalgamate.**

#### MAY QUIT A. F. OF L.

**One of Propositions of Steel Workers' Delegation at Conference.**

WASHINGTON, Sept. 25.—A "triple alliance" of three of the strongest labor unions in the country — the railway brotherhoods, United Mine Workers and the steel organizations — was looming up as a possibility today.

One of the propositions of the sub-committee of the steel unions, appointed by W. Z. Foster to confer with the "big four" will be that the two trades form an agreement for joint action in the future, it was learned today. The United Mine Workers already have approached the brotherhoods with the same request. Whether such an alliance eventually will be effected, was a matter labor leaders today refused to discuss. However, in the event that the amalgamation should go through, they agreed that it might mean the withdrawal of the mine and steel workers from the American Federation of Labor and the refusal of the brotherhoods to affiliate.

WASHINGTON, Sept. 25.—"We never go out on sympathetic strikes."

This was the answer today of Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, to the announcement in Pittsburgh yesterday by Secretary W. Z. Foster that a sub-committee of the steel strikers had been appointed to meet with the presidents of the four big railroad brotherhoods to discuss matters "pertaining to the strike," with the implication that sympathetic strike action would be asked of the brotherhoods. Stone is generally regarded as the spokesman of the "big four" brotherhoods.

#### REPORTED ITALIAN CROWN HAS ANNEXED FIUME

PARIS, Sept. 25.—An unconfirmed rumor was current in Italian circles today that the crown council at Rome had annexed Fiume to Italy despite the negative reply which President Wilson was reported to have given to the Italian proposals.

This rumor was not confirmed in any other circles whatsoever.

#### FIRE EXTINGUISHERS IN SCHOOLS RE-CHARGED

Chemical fire extinguishers in every city school building are being recharged this week by the members of the fire department. A half dozen or more emergency tanks have been conveniently located in each of the 29 or more ward buildings to be used in case of emergency.

The 43 fire alarm boxes belonging to the fire department's system will be repainted red early next month. Fire Chief Thomas Bryan stated today. The Gamewell boxes of the police department are being given a coating of sky-blue.

### PRICE GIVEN PROBE REPORT

**Will Carry Result of County for Investigation to Washington.**

A report of the probe into the high cost of living conducted by County Prosecutor Walter W. Beck of Lisbon and Deputy Prosecutor J. L. Hanley of this city a short time ago will be carried to Washington when Attorney General John G. Price of Columbus plans to attend the conference of attorney generals of the country in the office of Attorney General A. Mitchell Palmer Oct. 7.

Similar reports from every county in Ohio, ordered filed with the attorney general following the completion of food profiteering investigations are now in the possession of Attorney General Price.

### LEGION POST LEASES CLUB ROOMS IN CITY

**War Veterans Will Occupy Quarters In Ikirt Building.**

#### MEMBERSHIP OF 400

**Name Delegates to First State Convention of Organization.**

The entire fourth floor of the Ikirt building, corner of Fifth and Market streets, was leased Thursday to East Liverpool Post No. 4, American Legion.

Modern club rooms will be established on the floor to be open to members of the legion and all ex-service men whether affiliated with the organization or not. The local post, now numbering approximately 400 former service men, will meet every Friday night in the new club hall. Post Commander William S. Foulks stated Thursday.

East Liverpool's American Legion post will be represented at the first state convention of the organization to be held in Columbus October 8-9. Post Commander William S. Foulks, Dr. O. P. Andrews, George Wright, Ralph Smith and P. J. Chapman will compose East Liverpool's delegation to the state meet.

Amendment of the war risk insurance act to provide more liberal policies for the ex-service men and free insurance if a national bonus is granted the former service men will be presented by the local delegation when a call for state issues is made at the Columbus meet, Foulks stated.

**THE WEATHER**  
Ohio and West Virginia: Fair and cooler tonight; Friday fair.

### FOREIGNER AT FARRELL, PA., IS KILLED BY STATE TROOPER

**Claim Victim Was "Sniping" at Guards from Window.**

#### BUFFALO STRIKER DEAD

**Great Steel Centers In and Around Pittsburgh Continue to Operate.**

FARRELL, Pa., Sept. 25.—A foreigner who was charged with "sniping" at state troopers from a window in French street, was shot and killed here at noon today by troopers.

The man was identified as Luke Grogan, a Serbian, who lived at the French street house. He was shot when he appeared at a window in the house where the troopers were watching for him. The place was raided and one man was arrested after a fight in which he was clubbed severely.

BUFFALO, Sept. 25.—Maciej Buczowski, a laborer who was one of the 8,000 strikers who closed the Lackawanna Steel plant at Lackawanna, died in the Moses Taylor hospital in that city at 2 o'clock this morning.

He is the second to die as the result of Tuesday night's riot in which the police charged the strikers. Medical examiner Cook today said he would render a verdict of murder in the cases of the two men and would ask the district attorney to conduct a thorough investigation. All was quiet this morning in the strike zone.

The state constabulary is closely patrolling the district.

PITTSBURGH, Sept. 25.—With the spotlight shifted temporarily to Washington where the senate today opens an inquiry into the situation, the big steel strike went into the fourth day with little actual change in conditions. The great steel centers in and about Pittsburgh, continued to operate, while elsewhere in the country—in Chicago, Gary, Youngstown and Wheeling—the tie-up of the industry apparently is complete. The situation in Western Pennsylvania is becoming more tense. The strike element is becoming more and more incensed over the "iron hand" with which the authorities are ruling the situation. In none of the steel cities in this district is it possible for the strike element to hold meetings and make speeches. They claim that the right of free speech and the right of peaceable and lawful assemblage is guaranteed them under the federal constitution and cannot be transcended by any state law or authority. At strike headquarters here little else is heard and this feeling is increased by hatred of the

### SPIVEY WILL GO TO HEARING

**Carpenter Will Represent Labor at Phone Rate Session.**

E. E. Spivey, Carpenters' and Joiners' union, will represent Trades and Labor Council at the telephone rate hearing before the Ohio public utilities commission Tuesday, September 30th.

Mr. Spivey, who was chairman of a special committee formed by the central labor body to investigate the proposed increase in telephone rates by the Chesapeake and Potomac company, was formally chosen at a special meeting of Trades and Labor Council Wednesday night.

City Solicitor R. G. Thompson, at the request of Trades Council, this week filed formal complaint against the rate advanced with the utilities commission. He will appear in behalf of the labor organization at the hearing.

## G. O. P. RALLY IS PLANNED

Bennett Announces Plans for Meeting During October.

A big rally of Columbiana county Republicans will be staged in Lisbon about the middle of October if plans now under discussion materialize. Ben L. Bennett this city, secretary of the county Republican Central committee stated Thursday.

A prominent out-of-town speaker, likely a member of congress, will appear on the evening's program, Bennett said. A banquet will be the main feature of the affair and a guest list of between 500 and 600 staunch Republicans will be invited.

Plans for the event will be laid at a meeting of the executive committee of the Republican Central committee within a few days.

## STEEL

(Continued from Page One)

"We are glad to respond to the request to appear here," said Fitzpatrick, opening his testimony. "We want the United States senate and the government to know all the facts. About 18 years ago the steel interests appropriated a fund to fight organized labor and the campaign has continued up to the present time. Organized labor, realizing the influence of the steel industry, decided it would have to organize the steel men. In the steel industry the hours are long and the wages are low, below the pauper line."

Fitzpatrick outlined the efforts of the American Federation of Labor to organize the steel workers during the past few years, leading up to Judge Gary's refusal to meet with the labor men.

"The men responded in large numbers," Fitzpatrick said. "In a short time we were well on our way towards organization."

W. Z. Foster, Fitzpatrick said, was an organizer of the Carmen of America before he joined the steel movement.

"The steel corporations were resorting to every effort to prevent the organization," said Fitzpatrick.

The American Federation of Labor initiated the movement to organize the steel workers, Fitzpatrick said in reply to a question of Senator Jones, New Mexico.

"The bad conditions of the steel industry were used to destroy good conditions elsewhere. It was a bad spot in the industrial system—it had a tendency to drag the labor movement down, just as one rotten apple will spoil a whole barrel."

"The hours are long, the wages are small and the treatment—you can't describe it."

The eight-hour day "was the first attempt to thwart organization," Fitzpatrick said.

"The men wouldn't pay any attention to promises so we went into the Pittsburgh district feeling that we had the legal and citizenship rights to meet and discuss these questions. The first opposition we met was in McKeesport. We were met with all kinds of resistance. We were told that we couldn't have a meeting of any kind in a hall or a vacant lot."

The national committee took the matter up with the mayor, Fitzpatrick said, "and the mayor of McKeesport said we absolutely could not meet."

"We thought that was a very serious situation when men were denied the rights of citizenship and we took the matter up with Mr. Gompers," Fitzpatrick continued. "Mr. Gompers addressed a letter to the mayor of McKeesport and the governor of Pennsylvania. President Gompers' letters were not answered."

"We got no relief. In all the other points throughout Pennsylvania we met the same kind of opposition. By May, 1919, we had something like 80,000 men in the organization. These men were clamoring for relief. They wanted to take some action. We prevailed upon them to be patient."

"In the June convention of the American Federation of Labor I was able to report over 100,000 men in the organization. I also reported the denial of the right of free speech."

"President Gompers addressed a letter to President Gary asking a meeting for the purpose of discussing this situation. The letter was ignored. In the meantime all of the strength and power of the United States Steel Corporation was directed against our organization. We had the worst kind of opposition."

"The international organizations were asked to take a strike vote and if the conferences which were being asked were not granted the men were told we would take action. Ninety-eight per cent of the men were able to reach authorized their leaders to call a strike."

"How many men voted?" asked Senator Wolcott, Delaware.

"The international union takes its own, they merely notify us that their men had voted to strike," replied Fitzpatrick.

## ROLL CALL FOR MEMBERS ONLY

No Subscriptions to Red Cross Magazine to Be Sought.

The 1919 Red Cross Roll Call drive, November 2 to 11 will be devoted exclusively to obtaining adult and junior memberships in the American Red Cross.

No subscriptions for the Red Cross magazine of the American Red Cross, will be received in connection with the nationwide drive.

These sidelights on the coming campaign, in which East Liverpool plans to take a prominent part, were divulged Thursday by C. F. Goodwin, secretary of the East Liverpool Red Cross Chapter.

At least 15,000 new and old memberships in the American Red Cross will be the objective of the ten-day campaign here, Mr. Goodwin said. Adult membership fee is \$1 for the year and Junior Red Cross memberships 25 cents.

Subscriptions to the Red Cross magazine will be made direct to the New York office of the periodical or through representatives to be established in every district in the country.

## FOREIGNER

Continued from Page One.

Pennsylvania state constabulary, while the strikers heads terms "the Don Cossacks of the steel trust."

The mounted state troopers, augmented by the regular uniformed police and hundreds of deputies, undoubtedly are ruling the situation with rigor. Little horseplay is tolerated in any of the steel towns around Pittsburgh. Four persons constitute a crowd and must move. If they don't move they usually get a swift view of the business end of a club, followed by arrest.

The strikers and their leaders claim this is unlawful. But they are much in the same position of the man in jail who says: "They can't arrest me."

Against the assertions and protests of the strike element, the authorities set forth that only by this policy can they prevent riot and bloodshed such as marred previous industrial disputes throughout this territory. As long as men are kept moving and not allowed to congregate and listen to inflammatory utterances the authorities say there can be little trouble. Their attitude is that riots come from mobs; hence, if there are no mobs there are no riots.

To the effective use of these methods the authorities attribute the comparative tranquility of the situation in Western Pennsylvania. Considering the size and scope and elements in the strike there has been little serious rioting and bloodshed.

The effect of this policy, however, has been to create muttering and discontent on the part of the strikers. To get word to their followers the strike leaders have been forced to rely almost wholly on "word of mouth" and "underground railway" methods. In addition to being unlawful the strike leaders assert that this is crippling their cause.

The state police wield the balance of power in this district. They are mounted superbly, fully armed and extremely effective. The whole force only consists of several hundred men scattered over a large area, but one of them riding down the street or perhaps on the sidewalk, is enough to create a general scattering.

There were minor disturbances in half a dozen steel districts last night and early today. Near McKeesport strikers attempted to hold a mass meeting. The police came and endeavored to break it up, but were unsuccessful. Then the state troopers appeared and rode into the crowd.

## COUNTY NEWS

### REBATE GIVEN EX-SALOONISTS

Seven ex-saloonkeepers of Salem and one from East Liverpool were given rebates of \$96.15 each, covering a period of five weeks that their places were closed during the epidemic of influenza last winter. The Salem dealers were Mont Cook, Philip Cohn, Frank Kleinman, Harry A. Roth, Henry Trotter, Sal Caplin and Harry Steinberg. The East Liverpool dealer was Joseph O. Johnson. The application of Christina Shaffer of Salem was continued because one of the witnesses called before the court made a statement that he had seen a bartender or janitor at her saloon pass out a bottle of beer during the time of quarantine was on. This statement was denied by the woman and she will bring witnesses to try to sustain her claim.

The Dow liquor tax paid in by these dealers having all been distributed months ago, the payment of these rebates will be made out of the general fund of the county.

Purchase Additional Truck. The county commissioners have bought an additional truck for the use of the engineer's department. The new truck is a two-ton standard steel dumping machine and cost \$3,400. It was bought from the Youngstown Carriage Company. This makes five trucks available for road work, two from the state and three belonging to the county.

### WINONA MAN IS TAKEN TO ASYLUM

Deputy Sheriff Harlan Crawford Thursday morning took Walter Ward of Winona to the Massillon state hospital for the insane. Several years ago Mr. Ward was declared to be insane and was ordered sent to Massillon, and while on the way he eluded the officer and jumped in front of a train. He was badly injured and was taken to the Salem hospital. After his recovery from the injuries his mind was restored to normal and it was only recently that his mental trouble recurred.

### Ware Divorce Case.

The divorce case of Lester L. Ware against Pearl Ware of Salem was resumed in common pleas court Thursday morning. It was partially heard several weeks ago and continued for additional testimony. Ware is a returned soldier.

### Judge Thomas to hear Cases.

Judge Thomas of Wooster will hold court in Lisbon the week of October 6 to hear the cases growing out of the collapse of the Empire Investment company of East Liverpool.

### Miscellaneous Shower.

Miss Mary Stockman gave a miscellaneous shower Wednesday evening at her home for Miss Martha Robbins, daughter of C. C. Robbins, who will Saturday marry Harold Patterson. Miss Robbins received many beautiful gifts.

### EDWARD T. MARTIN AND MARY FISHER WED

Edward T. Martin, this city, and Miss Mary Evelyn Fisher, Pittsburg, will be united in marriage Thursday evening at 8 o'clock at the home of the brides parents, 915 Industry street Pittsburg.

Mr. Martin is a son of Mrs. Mary E. Martin, Bloomfield. He is assistant to E. G. Sturgis, Dresden avenue funeral director.

Miss Fisher is a daughter of Mr. and Mrs. Harry L. Fisher.

Following the wedding the couple will leave on a short trip. They will reside in West Sixth street, this city.

### THREE KILLED IN BOMB BLAST

BATAVIA, N. Y., Sept. 25.—Three persons were killed and four injured in a bomb explosion here early this morning. The dead:

Joseph Battagli, Mrs. Joseph Battagli and their two-year old son.

The injured: Mrs. Trimarochi, broken hip; Carlo Trimarochi, shock; two young sons of the couple, legs fractured.

The bomb exploded in the house at 450 Elliott street, literally blowing it to pieces. One of the Trimarochi children was blown into the street. The bodies of the Battagli family were found amidst the debris in the cellar. Blackbanners are suspected. Trimarochi had recently received threatening letters.

### POPULAR LOCAL COUPLE TO WED

Miss Evelyn Boch Will Become Bride of Joseph Thompson.

A pretty home wedding will be solemnized next Tuesday afternoon at 4 o'clock, when Miss Evelyn Boch, daughter of Mr. and Mrs. J. W. Boch, 427 Thompson avenue, becomes the bride of Joseph Thompson, son of Mr. and Mrs. L. A. Thompson, West Sixth street.

Rev. Crowe of Pittsburg, Pa., former pastor of the Second Presbyterian church of this city and uncle of the bridegroom-to-be, will perform the ceremony. Miss Doris Boch, sister of the bride-elect, and Harry Thompsons, of New York, an army friend of Mr. Thompson, will attend the couple.

Miss Alice Stevenson, of this city, a cousin of Miss Boch, will render a vocal solo during the service. Miss Mary Howe, Beaver, Pa., will play the wedding march.

Following the ceremony the couple will leave on a wedding trip. They will reside in the Martin apartments, East Third street.

## CAR DERAILED; TRAFFIC HIT

Traffic on the lines of the Steubenville, East Liverpool and Beaver Valley Traction company between this city and East Liverpool, was tied up for several hours Wednesday evening after 6 o'clock, while wrecking crews of the traction company were re-tracking a derailed car near Wells avenue.

A number of persons were badly bruised and cut by flying glass in the accident. According to spectators the car, in charge of Motorman Parr and Conductor Edward Goodman, had started down the slight grade near Wells avenue. A short distance after the car had left the brow of the hill, the front trucks left the tracks and, with the rear trucks still on the rails, the car slid to a standstill against a pole at the bottom of the incline.

Practically all the windows in the car were shattered, while the side which banged into the telephone pole was also badly damaged. Passengers were transferred to a city car in Wellsville.

No reason could be assigned for the accident. Inspection of the rails showed no flaws in the tracks, it is said.

## STEUBENVILLE INTERESTED IN SATURDAY GAME

Steubenville's high will watch carefully the results of the game between Wellsville high school and the East Palestine school eleven, which will be staged at Central park next Saturday afternoon, the opening contest on the schedule of the Orange and Black The Jefferson county outfit is out after the district championship and has games scheduled with both Wellsville and East Palestine.

The locals are working hard for the lid-lifters here. It will also be the first game for the north-county aggregation.

Couch Van Tilburg has not named a definite lineup. The names of the eleven men who will represent the local school on the grid Saturday afternoon have been withheld till a short time before the contest. Van Tilburg states he is working out all the material he has and will probably give the majority of the candidates a try-out in the approaching engagements.

### Moose Initiation.

According to an announcement by Daniel Jones, district organizer of the Moose, another large class will be initiated to be held at 2:30 o'clock next Sunday afternoon in the city hall auditorium. All members of local lodges and lodges from surrounding towns are invited to attend the exercises.

### Program for Entertainment.

A fine program has been arranged for the social and entertainment to be held by the Women's auxiliary of the Church of the Ascension Thursday evening.

## Kills Pesky Bed Bugs P. D. Q.

A Two ounce box of P. D. Q. makes a full quart of the best bug-killing emulsion. Better than a barrel of old-fashioned bug killer.

P. D. Q. (Pesky Devil's Quinine) kills like a 2-centimeter shell. It gets bedbugs, fleas, roaches, ants and chiggers lice, and not only kills the live pests, but the eggs as well.

P. D. Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the bed and see the flies fly.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

tained Wednesday evening at her home in Clark avenue. Games and music were the principal diversions of the evening. Luncheon was served at the conclusion of the affair.

The following guests were in attendance: Anna Russell, Anna Connor, Helen Hallum, Pauline Stillwell, Janette and Alice Smith, Della McElroy, Helen Hawksworth, Pauline and Catherine Moore, John Campbell, John and Francis Spring, Paul Stillwell, John Grimm, Joseph Quayle, George and Arthur Wilson and Edward Morgan.

## 368 NAMES NOW ON REFERENDUM PETITION

A total of 368 names, nearly 200 more names than required, are contained in the petitions, asking for a referendum vote on the ordinance recently passed by council giving the Steubenville, East Liverpool and Beaver Valley Traction company increase fare rates on its lines from this city to East Liverpool, which were filed with City Auditor John McQueen about 9 o'clock Wednesday night. The petitions, announced Auditor McQueen, will be placed on file at the auditor's office in the city hall for public inspection for a period of ten days after which they will be turned over to county election board supervisors.

### Richard R. Richards Dead.

Pending the arrival of relatives from Colliers, W. Va., no arrangements have been made for the burial of Richard R. Richards, 89, who died at 1 o'clock Wednesday afternoon at the home of his son, Price Richards, in Lisbon street.

Deceased came to this city five years ago from Colliers. He was a wheelwright and wagonmaker by trade. He is survived by the following children: Edward Richards, of Leetadale, Pa.; Harry, of Sharpsburg, Pa.; George, of Lawrenceville, Pa.; John, of Steubenville; Mrs. Rose Gilbert and Mrs. Elizabeth Beatty of Colliers; Mrs. Ella Glover and Price Richards, both of Wellsville; and Mrs. Sophia Goldman, of Wellsburg, W. ## URGE CHURCHES TO INTERVENE

CLEVELAND, Sept. 25.—That the time has come for intervention on the part of the Protestant churches in the prevailing industrial unrest, was the declaration of Fred B. Fisher, student of industrial affairs, to the general committee of the Inter-Church World movement in session here.

"It is high time for a United Protestantism in this country to cease being content with abstract statements of principle and to get down to actual participation in the labor disputes of the present," he added.

The committee will formulate a plan of action which John R. Mott, international head of the Y. M. C. A., predicted would be "probably the greatest program undertaken by Christians since the days of the apostles."

### THE ROOSEVELT MEMORIAL.

East Liverpool and other cities in Columbiana will be asked to contribute their share toward Ohio's quota of \$500,000 for the Roosevelt memorial fund in a campaign which will be launched during the week of October 20-27.

Similar drives will be conducted in 47 other states of the union under the direction of officers of the National Roosevelt Memorial association, which, its president, Wm. Boyce Thompson, points out, has been formed to act as an agency in erecting stone and living memorials to the late president, which shall keep alive in America for all time the stimulus to right living, high ideals and noble patriotism which flowed from his deeds and teachings.

The movement, which has been endorsed by Private Eddy post, Veterans of Foreign Wars, in East Liverpool and by scores of other patriotic organizations and public men, undoubtedly will be received with enthusiasm by the American people, for it will furnish an opportunity to pay tribute to a great American and will enable them to record their determination to uphold and maintain his staunch Americanism.

Theodore Roosevelt was admired by every American citizen irrespective of politics. In every emergency, he was among the first to offer his services. By his many noble deeds he endeared himself to his fellow citizens. And now that the opportunity is presented to perpetuate his character and patriotism to future generations, the movement for the erection of Roosevelt memorials should meet with hearty support.

### "SINGS" FOR WINTER.

The mayor of one town considers the community sing a remedy for social unrest, and he is one of the most active sponsors of a movement to transfer these gatherings, which have been held in the open air all summer, to the churches and public halls for the winter.

Summer, with its informality, its park gatherings and outdoor sports, does encourage a pleasant and friendly spirit which helps to make people content with their homes and pleased with their neighbors. It is a pity that when doors are shut against the cold of winter they seem also to be shut against this sort of friendly and informal acquaintance.

Happiness will be, as usual, the most important consideration during the coming months. There must be friendly feeling, social activities which do away with social distinctions, if antagonisms are to be soothed rather than fostered. Community gatherings for song, for competitive games, for political debates and to consider measures which are for the public good are among the best agencies for promoting such feeling and arousing a common interest and pride in a community.

There are definitely formed plans for disruption of the social and industrial life of this country. The best way to combat them, and indeed the only way, is by such a social life as will bring all the elements of a community more closely together.

### BLIGHTED POPULATIONS.

The war, people say, is over. But the results of the war are not yet realized. They go far beyond the material devastation, the loss of life and the wreckage of bodies. The Germans, by their great blow at civilization, have done something to the minds of the nations they fought.

Consider the people of Lille, as described by Philip Gibbs, the war correspondent. One of the finest pieces of writing turned out during the war was Gibbs' account of the joy in Lille when the British entered it, after the armistice last November. The people there, forgetting their hardships, were wild with enthusiasm. They seemed brimming over with hope and new energy. But it seems to have been only a momentary outburst. They had suffered too much and too long. They could not hold that spiritual pitch.

Their great factories are idle, because the machinery stolen by the Germans has not yet been returned, and poor transport in France prevents their getting raw materials. But there are other causes for idleness, physical and mental.

"Lille is a city of sick children, many of whom are suffering from consumption, rickets and all manner of disease, as the heritage of four years' undernourishment."

There is a whole generation will leave to the next? More than that:

"The mind of the people is sick. The war seems to have changed the men who fought in it or suffered in it. They demand high wages or will not work at all. They look out for any way of pleasure, and have no thrift. There are crimes of violence in dark streets at night. In Lille, as in Amiens, there is much drunkenness. There is no revival of normal life; and there the blessed word 'reconstruction,' spoken in Paris as a magic word, a word of power, is only a fetish and a will-o'-the-wisp."

So the blight of an evil Prussian war has fallen upon the soul of a people formerly noted for sobriety, thrift and industry. So it has fallen upon people by millions, in many nations. Who can reckon the sum of it, or see to the end of it?

It is said that when the European tourist traffic is resumed, Americans may find it impossible to live in Paris, Rome and London for less than \$100 a day. See America first. You can still do quite a little living here for \$100.

Somehow, when you do happen to see an occasional horse nowadays, he generally seems to be suffering from defective ignition, poor lubrication and sand blisters.

It does look as if there were more garages being built than houses. Do automobiles need shelter more than people?

### NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Sept. 25.—Hell's Kitchen—where they beat up a copper just for fun and blackjacked strangers for a dime—has gone into decay. There has been only one killing there in a year. Thirty-ninth street and Eleventh avenue was the sink of Hell's Kitchen. They used to say that only a cop without friends in the department got that beat.

The war brought about the reformation of Hell's Kitchen. The gangsters were all young men and those who did not skip to dodge the draft enlisted, as Ring Lardner says, in the draft. There was always something cooking in Hell's Kitchen.

Every night a gang of young cigarette sucking hoodlums would hang out on the corner—leaving only long enough to obey a whistle which meant that somebody had started the "growler" for the Dutchman. If nothing turned up they would start something—from upsetting the apple stand of some poor old woman to gangbeating a cop.

There was the typical instance of One Lung Curran, a rat faced little dope fiend in the throes of tuberculosis. He came swaggering out of a neighborhood saloon one night and the gang hailed him with bravados. That was enough for One Lung—then fairly jumping with cocaine. He looked around and saw a policeman talking to a woman going home with the market basket.

He bet 15 cents he could take the policeman's blue coat home to his gal—girls are always gals in Hell's Kitchen—and he did by felling the policeman with a blackjack from behind and stripping him of his coat. All the while the gang cheered.

Curran's girl made a sort of military coat for herself out of the copper's uniform and soon all the girls on Eleventh avenue were wearing the same kind of military conceit. The girls would send their fellows out to get policemen's coats just to show their love wasn't dead. But now the gangs have been broken up. Hell's Kitchen is as safe as Park avenue.

It is quite astounding the way New York highbrows are falling for the songs known as "The Blues," to which the shimmy dancers do their most artistic wiggling. These fugitive songs of the underworld are actually finding a place in polite society. Several of the highbrow magazines are discussing them seriously. Nearly all came from the honky tonks of the Barbary Coast. Gilda Gray, who was the shimmying sensation of a Broadway show, is now the hostess at the El Tabarin, a stumpy night life cafe. She is singing some revived "Blues." Here is a part of the lyric of one: The graveyard is a nasty old place, They lay you on your back and throw dirt on your face, Get over dirty! Ashes to ashes and dust to dust. If the blues don't get you well the shimmy must. Step on it boys!

Why do people go to Maine on their vacations? The answer seems easy in the light of statements from home-coming vacationists. Maine, they say, is the wettest state in the union, whereas it is supposed to be the driest. It is possible to get a jug of whiskey any place at any time and they even deliver the whiskey in motor vans, according to some of these who are home—wildly anticipating another trip to Maine next year. Whiskey is said to be selling for \$9 a gallon and there isn't the danger of wood alcohol poisoning that one runs up against here in New York.

### J. VAN SICKLE'S FRIEND DID HIM A GREAT SERVICE

By Recommending Nerv-Worth for the Benefits Derived Were Simply Wonderful.

This late contribution to Nerv-Worth fame, given to Uniontown's Nerv-Worth druggist, forms one of the most remarkable tributes ever paid to a medicine.

Wade H. Guyton—I have been in poor health for a long time. Sleepless and restless at night and when I did a day's work would feel weak and almost exhausted. My reduction in weight had become alarming. I was almost discouraged with my failure to regain my former strength and vigor when the merits of Nerv-Worth were brought to my attention by a friend.

I immediately purchased a bottle and in a few days began to improve. I have now taken three bottles and the change that this wonderful medicine has made in me is beyond words of expression. I work at the very hardest kind of work now every day and eat and sleep like I never had hoped to again. And my present condition I credit absolutely to Nerv-Worth.

## SHERIFF BANS MEETS, PARADES

Proclamation Issued In Connection with Threatened Trouble at Weirton Steel Company's Plant.

The big developments Thursday in the steel strike situation in Hancock county was announced from New Cumberland that Sheriff J. Armour Cooper had posted a proclamation in and about Weirton, prohibiting public demonstrations of any kind in the steel town.

The sheriff's proclamation, which was printed in red ink and placed in conspicuous places about the mill yards and in the towns of Weirton and Holiday's Cove, following the announcement of Steubenville steel workers that they would march upon the town in an effort to organize the Weirton Steel company's employees, reads:

### Notice.

"In order that peaceful conditions may continue to prevail in this community during the present Labor Trouble, all Public Assemblies, Demonstrations, and Public Speeches, in either English or foreign languages, and all abusive and threatening language or acts of any kind, either by residents or non-residents that tend to incite sentiment and conditions that may lead to quarrels, fights and possible riots, endangering the destruction of property are absolutely forbidden and will not be permitted."

"All persons violating the above will be promptly arrested and dealt with under the law."

"We trust that every one will do their part to maintain good order and peaceful conditions in this community."

(Signed) ARMOUR S. COOPER, Sheriff of Hancock County, W. Va.

The proposed parade of the strikers from Steubenville to Weirton has been postponed pending a meeting for the benefit of Weirton workers, to be held in Steubenville Friday night, it was announced Thursday. If this meeting fails to organize the men, the Steubenville strikers will parade to Weirton Monday, it was said.

Weirton was reported quiet Thursday. Sheriff Armour Cooper has sworn in a large number of deputies, it is said, while the Weirton police force, has been strengthened and 500 guards are said to be on duty at the mill.

Official denial was also made by an officer of the Brotherhood of Railway trainmen of the claim made Wednesday that the brotherhood had called out its trainmen in the Weirton yards and had refused to handle cars for the company. It is stated that the only railroaders who went out at the Weirton plant were those employed by the company and affiliated with the steel workers union.

There was no change in the situation at the Chester plant of the American Sheet and Tin Plate Co., Thursday. Operations in Chester have not been affected, by the walkout order.

## WEIRTON MAN IS FINED UNDER CHILD LABOR LAW

The proprietor of a Weirton shoe shining establishment that ignored the order of State Factory Inspector Alonzo Prince in regard to employing a small boy after 7 o'clock in the evening contrary to the child labor laws, was tried before Justice T. S. Hoffman, Wednesday afternoon. The man who gave his name as Nick Polintus drew a fine of \$200 and costs and was informed that a second offense would mean a jail sentence and the closing of his establishment.

Inspector Prince reported the violation some weeks ago after completing an inspection tour of industries and business houses where minors might be employed. Polintus was the only offender of the child labor laws. He was told to send the boy home but only laughed at Prince, who came around the next day and finding the child still at work after 7 p. m., preferred charges against the proprietor.

### Harrison-Neiser Wedding.

The marriage of Miss Verne Harrison, daughter of William Harrison of Gardendale, and Fred W. Neiser, of East End, was solemnized Wednesday evening in the Orchard Grove Avenue Methodist Episcopal church. Rev. C. W. Cooper, pastor of the church, read the ceremony, the ring service being used. The couple were attended by Miss Laura Neiser and Albert Neiser, sister and brother of the bridegroom.

The bride wore a pale pink Georgeanne frock and carried pink fall roses. Preceding the ceremony, Mrs. Dan Smith sang, "O Promise Me." Mrs. A. M. Burns played the wedding march at the approach of the wedding party. Earl Cochran and Verne Carson were ushers. The auditorium of the church was beautifully decorated with palms and fall flowers. Following the ceremony the party enjoyed a reception in the basement of the church, which was tastefully adorned for the occasion. At the luncheon served by Misses Nora and Esther Harrison and Mary Trimble, fifty covers were laid. Places were laid for twelve at the bride's table. Mesdames William Wilson, J. T. Smith and Mary Anderson presided as hostesses.

Mr. Neiser recently returned from a year's service with the American forces overseas. Prior to sailing he trained at Camp Lee, Va. At present he is employed at the Midland Steel mill. The newlyweds will reside in East End.

### Today's Beauty Talk

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist a package of canthrox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing, the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.

Mrs. John Harrison of Conneville, Pa., is visiting with her mother, Mrs. John Tranter of Chester avenue.

Mr. and Mrs. William Silence of 1610 Holliday street, announce the arrival of a 10-pound baby boy, born Monday evening.

Rev. George Brown and wife, of St. Cloud, Fla., are the guests of Miss Mary Fryett of Chestnut street.

## OHIO RIVER DAM IS INSPECTED

Government Engineers Visit Lock No. 9, Below East Liverpool—Traveling On U. S. Craft.

On a periodical inspection of locks in the Pittsburgh district, Lieut. Col. H. B. Ferguson, of Pittsburgh, district U. S. engineer, visited Government Lock No. 9, just below here, Wednesday.

Accompanying Lieut. Col. Ferguson was Assistant District Engineer J. W. Arras and several other officials of the district engineer's office in Pittsburgh. The party is traveling on the U. S. engineer craft Swan. All the locks between Pittsburgh and Steubenville will be visited on this trip.

Lieut. Col. Ferguson succeeds Col. H. W. Stickle, of Pittsburgh, who retired from service to accept a position in a private concern in Pittsburgh. Col. Ferguson returned a short time ago from overseas where he commanded a detachment of the U. S. tank corps. After completing this inspection trip Lieut. Col. Ferguson will go to Asheville, N. C., on a government mission.

Three packets of the Liberty Transit company carrying a total cargo of 430 tons, passed through the government lock during the last 48 hours. The General Pershing, with 140 tons cargo, and ten passengers, arrived at Lock No. 8 Tuesday morning enroute from Charleston to Pittsburgh. The excursion steamer Verne Swain, the only side-wheeler operating on the Upper Ohio river, docked in East Liverpool Tuesday for noonlight excursion Wednesday.

## "GOT JOHN'S GOAT;" ARREST FOLLOWS

DAYTON, Sept. 25.—When John Zielus and his girl went to the wedding of Vincent Matalas and Kazimira Dulskie Wednesday and found that another couple had taken their places as best man and bridesmaid, John's sweetheart began to cry and this "got John's goat," he told Judge Budroe when in police court on charges of assault and battery and disturbing the peace. He struck two women members of the wedding party and banged the Rev. M. Cyberleski, of Holy Cross church, in the nose, before guests got hold of him and called the cops. John says he wants a trial to see if he was justified so the case was set for October 1. The marriage took place as scheduled.

## CLAIMS ITALY IS IN REVOLT

PARIS, Sept. 25.—General Giuseppe (Peppino) Garibaldi, who has just arrived here from Rome, declared today that the whole of Italy is in rebellion as a result of the Fiume situation.

The Italian navy has virtually gone over to Captain Gabriele D'Annunzio at Fiume, according to General Garibaldi and the army is refusing to obey orders from the central government.

A report from Vienna that American and French warships have been ordered to leave the Adriatic is not believed by the American peace delegates in Paris.

(General Garibaldi was sent to Paris by Premier Nitti on a secret mission. He is under orders to go to Fiume from Paris and confer with D'Annunzio, leader of the Italian insurgents in Dalmatia.)

Shoes in Poland this winter will be few and far between. Jewish agents in that land are asking for as many pairs as possible to keep women and children from going barefoot in the winter, as many did last year.

## Clean Up Poison Soaked Kidneys Advises Dr. Carey

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease, thousands die of it every year who ought to be enjoying the blessings of life and health.

If you have specks floating before the eyes, puffs under eyes, clammy feet or moist palms, backache or sideache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of cases of kidney and bladder diseases and is the medicine you can always depend upon.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his great prescription, "Marshroot," has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. T. Reed Ashbaugh can supply you.

About Chronic Catarrh.  
Chronic catarrh results from a neglected cold or from a succession of colds, that is, before you are over one cold you contract another. The inflammation at first acute, becomes chronic. When the cold is properly treated and promptly cured there is no further trouble. Parents often neglect colds contracted by their children and chronic catarrh, from which they never fully recover, is the result. To get rid of a cold take Chamberlain's Cough Remedy. It is prompt and effectual.

## Rheumatism

A Home Cure Given by One Who had it  
In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know for over three years. I tried remedy after remedy and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bed-ridden with Rheumatism, and it effected a cure in every case.  
I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but understand I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

## TEDDY PHOTOS FOR SCHOOLS

NEWARK, Sept. 25.—A. H. Heisey, glass manufacturer, who is chairman of the Ohio Roosevelt Memorial association in the 17th congressional district, which includes Licking, Knox, Richland and Ashland counties, hopes to be able to present every school room in those counties with a framed, enlarged photograph of Theodore Roosevelt by Oct. 20, when the effort to raise \$500,000 for the national fund will be under full swing in Ohio.  
Mr. Heisey is now negotiating with manufacturers in an effort to ascertain whether a sufficient quantity of such pictures can be produced in the short time that is left between now and the campaign opening. Over 1,000 will be needed.  
"I am in great hopes that the photographs can be printed, mounted and framed in time," Mr. Heisey says. "Unfortunately, my gift is not original with me—so many other chairmen over the country are planning to do the same thing that the manufacturers are flooded with orders."

## WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

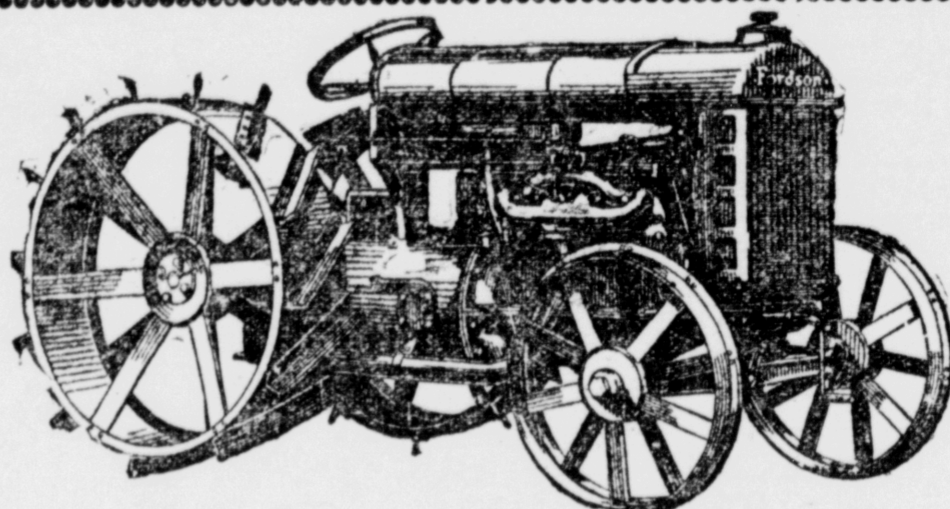

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.  
For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

## MORE PUNCHING POWER

Playing In Form They Will  
Need But Fair Share of  
the Breaks.

By JACK VEIOCK.

NEW YORK, Sept. 25.—Kid Gleason's hard driving White Sox will defeat the Cincinnati Reds in the world's series if they play true to form.

In the opinion of the writer the Sox will need only a fair share of the "breaks" to emerge from the big classic with another world's title in tow.

There are two outstanding reasons: The Sox have greater punching power and better balance. As they stand today they are practically the same team that mauled the highly touted Giants in four out of six games two years ago. If anything they are more formidable. The fact that they triumphed in a finish fight against no less than four high powered clubs in their own league is proof of their class.

In winning the American league pennant they scored a brilliant and well earned victory. And because they were forced to maintain high speed from start to finish they will enter the series against the Moran men next Wednesday in top form.

The Sox are a team of "gamesters," great money players. Yet they will face one of the gamest teams that ever won a National league pennant. There will be little or no advantage either way in this respect.

Pat Moran's newly crowned champions are the sensation of the season in baseball and the marvels of the age in Cincinnati. They have displayed a consistent punch. Any one who thinks they lack gameness need only recall the six-game series at the Polo grounds in which the Reds put McGraw's entry out of the running by taking four games with hostile crowds of thirty and forty thousand fans looking on.

But the Reds have not been harried and pressed like the Sox. They had but one team to beat after mid-season, while the Sox, on the contrary, had to beat out at least two teams that in the opinion of the writer could have won the National league pennant. They are the Indians and Yankees. And it is also well to remember that this has been a year of wide contrasts in the two big leagues.

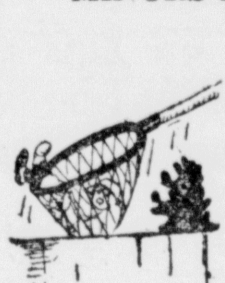

Critics who favor the Reds in the big series are banking on Moran's pitchers. It is true that the Reds have more dependable hurlers to use over a stretch of nine games. But they must roll back the White Sox in the early games to gain much advantage in this line.

Sallee, Reuther, Eiler and Ring are Moran's aces. Fisher, Mitchell and Luque his second best bats. The Sox have the incomparable Cicotte, wizard right hander, and Lefty Williams as their mainstays. They also have Dick Kerr, a courageous and capable little southpaw. Gleason is shooting his roll on this trio, Lowdermilk, Faber, James and Wilkinson will not be started if the Sox run true to form. Otherwise they will finish games.

The pitchers of the Reds have faced no more formidable batting combinations than Cobb, Veach, Hellman and Flagstead; Grane, Chapman, Speaker and Harris, or Baker, Peckinpah, Lewis and Pratt. But the Sox slammers have turned these heavy mauling combinations all season. Predictions that they will crumple before the attack of Roush, Groh, Daubert and Roth, therefore are inconsistent.

The Sox have a wrecking crew of their own. They are no longer hitless wonders. With a consistent team average of .280 for the season against .270 for the Reds, they have ground out more hits and runs than their rivals. And they did it against stronger pitching than the Reds had to face. Eddie Collins, Joe Jackson, Buck Weaver and Happy Felsch represent

Pat Duncan in action.

A few weeks ago "Pat" Duncan was playing the outfield for the Birmingham team in the Southern league. Big league fans knew nothing about him. Then, one day Pat Moran was tipped off to him. Moran had been worried all season about the left field position. Neither Bressler nor Magee had come up to expectations. So Moran took a flier and said "Bring Pat on." Now Duncan has become the sensation of the big leagues because of his terrific hitting and his spectacular fielding. He's booked to play the outfield berth that Bressler and Magee failed to fill.

more concentrated TNT than the Reds can muster by grouping any four of their batsmen. And this combination slights Leibold, Gandil and J. Collins, all of whom are hitting consistently. What's more, the Sox sluggers have hammered right and left handers alike. Can Moran's pitchers turn back this hitting tide, even though they are strong in numbers? Sallee tried it in 1917—but that was all.

Comparative figures on the rival teams showed to the advantage of the Gleasons. Up to Sept. 20 the Sox scored 629 runs against 553 made by the Reds. They registered 1,245 hits against 1,150 for Cincinnati and sole 150 bases to 145 for Moran's team.

Admitting that Moran has more reasonable pitchers, figures show that his best bats, Sallee and Reuther, are outranked by Cicotte and Williams. Aside from the twirlers, Eddie Roush is the only Cincinnati player who outshines his rival in an individual position. He has an edge on Felsch. Morris Rath, a grand and game little player, cannot be classed with Eddie Collins. Joe Jackson is better than Duncan, Magee and Bressler. Moran's left fielders, put together, Leibold outshines Neale, who in turn may be given a slight edge on J. Collins. Ray Schalk is a better catcher than either Wingo or Rariden.

As for the rest there is little to choose between Daubert and Gandil, Risberg and Kopf and Weaver and Groh. It would be difficult to make a choice either way in comparing these rivals.

The writer does not expect to see the Sox walk away, nor yet to see the series go nine games. Eight at the outside, should tell the tale. And the Reds—they will fight tooth and nail till the very last man is out in the last game.

Tonight If your liver is sluggish and out of tone and you feel dull and are bilious and constipated, take two or three of Chamberlain's Tablets immediately after supper, and you are almost certain to feel all right on the following morning.

## Doctor Issues Warning And Tells How to Stop Tobacco Habit

New York: Dr. Connor, formerly of Johns Hopkins Hospital, says: I am often asked if I know anything to stop the tobacco habit, and I always recommend Nicotol, which I have prescribed with great success. Nicotol contains no habit forming drugs, is absolutely harmless and produces astonishing results in a very short time. The use of tobacco saps the vitality, vim, vigor and ambition of the slave who is entrained by its seductive effects. It undermines the health and leaves the victim an easy prey to general debility, throat and lung troubles, nervousness, insomnia, heart trouble, kidney trouble, headache, tongue and lip cancer and even blindness. Physicians the world over often trace the start of the above diseases and many others to nicotine poisoning.

If you want to free yourself from tobacco go to any drug store and ask for Nicotol tablets. Take one tablet after each meal and in a short time you will have no desire for tobacco—the craving will have left you. With the nicotine poisoning out of your system your general health will quickly improve.

Note: When asked about Nicotol tablets, one of our leading druggists said: "It is truly a wonderful remedy for the tobacco habit—away ahead of anything we have ever sold before. We are authorized by the manufacturers to refund the money to every dissatisfied customer and we would not permit the use of our name unless the remedy possessed unusual merit." Nicotol is sold in this city under an iron-clad money-back guarantee by all up-to-date druggists, including Chas. T. Larkins.

## BABE RUTH GREATEST HOME RUN HITTER

NEW YORK, Sept. 25.—Babe Ruth takes rank as the greatest home run hitter ever produced in the history of baseball. The Boston star, having tied all existing records for circuit hitting some days ago, established a new mark when he hammered the ball over the roof of the right field grand stand at the Polo Grounds Wednesday off Bob Shawkey for his 28th homer of the season. Ruth made his first as well as his 28th home run at the Polo Grounds, and registered a total of five there against Yankee pitchers. His record breaking clout was the third off Shawkey this season.

Columbus—"A pedestrian in Paris is arrested when hit by a taxi," declared John D. Marlor, who has returned from eight month's service overseas with the army educational corps. Marlor said this Parisian law seemed to check automobile accidents to a surprising degree.

Marlor did not believe that Ireland's activities today deserve America's sympathy.

## GOOD YEAR IN MINOR LEAGUES

Clubs In Every Section of the  
Country Jubilant Over Their  
Showing During the Past  
Season.

By JACK VEIOCK.

NEW YORK, Sept. 25.—Baseball has come back in the minor leagues. The 1919 season, remarkable for the strong comeback of the game in major league cities, has treated the little fellows to some thrills that they have not felt since the baseball "dog days" commenced back in 1913, with the Federal League war running a few jumps ahead of the world war. The Three-I League, for instance, recently finished one of the most successful seasons in its history, with Bloomington copping the pennant and every club showing a profit. The Eastern League, the Western, the Texas and the Southern Association have all perked up this year, and the winning clubs, at least, tucked away comfortable profits.

New International League the players have in prospect the series between the pennant winners of the two leagues for the minor league championship, and as they will get a cut out of this series it means some extra velvet for them. In addition, the American Association players' pool in which the first seven clubs take a share, is the secret of the added zip and ginger shown by A. A. clubs during the 1919 season.

On the faraway Pacific Coast the pennant race—the longest in baseball—has been successful so far. The Pacific Coast League returned to the eight-club circuit plan this season and the move has proved its value, according to reports.

The minors, having gone on record for their independence, will not be subjected to the draft by the big leagues, and the money they get from the sale of players, or at least a part of it, will be used in purchasing or picking up, at the draft price, new material with which to bolster line-ups for the ensuing year.

Secretary John H. Farrell, of the National Association of Professional Baseball Clubs, has sent out his annual notice relative to the drafting of

## JIMMY BURKE SAYS SOX WILL GRAB PENNANT

Browns' Manager Thinks Junior Major Is the Faster League.

COLLINS HASN'T SUPERIOR

Does Not Believe Longer Series Will Aid Reds in Winning.

NEW YORK, Sept. 25.—Jimmy Burke, peppery little manager of the St. Louis Browns, believes the White Sox will defeat the Reds in the world's series.

Like every other American league manager, manager and fan, Burke is pulling for the Sox, and he makes his prediction on the belief that "class will tell." He thinks the junior major is the fastest league and, of course, Jimmy has the records of some fifteen world's series to back him up.

"Nobody can tell just how good the White Sox are," says Burke. "Just when you figure that you have them licked they hold up with something that startles you. They have the physical elements of champions and the brain to back them up. When it comes to hitting, fielding, base-stealing, working the hit-and-run and meeting situations as they come up, the Sox have the ability to put it across."

"The Sox have some of the greatest players in the game. I don't believe Eddie Collins ever had a superior, and Buck Weaver ranks with the greatest third basemen of all time. I know of no one who has anything on Felsch in fielding. He is a ball hawk."

"Of course, chief interest in the Sox centers around their pitchers. Cicotte needs no introduction. Every body knows what Eddie can do. Williams is another great pitcher, and then there is Faber, Kerr and Bill James. Kerr is not as well advertised as some of the others, but he is a fighter. He can curve a glove to the jaw as well as he can curve a ball to the plate, and he is never beaten till the last man is out. And the same applies to the whole Sox team."

"I believe that the Sox will win the series, because they have flexibility of power—recuperative ability—that has amazed me in watching them this season. No bad break is going to upset that bunch."

"I am not attempting to belittle the Reds. I think Pat Moran is a great manager, and I believe he has a great club. While I have not seen enough of the Reds to form a real opinion of their strength, it is my guess that any team that beats the White Sox to the wire is a considerable team."

"I see where a good many people believe that a longer series this year will help the National league champions. I can't see it that way. Both teams have gone through long seasons. There were more good teams in the American league race this year than there were in the National. This fact is worth weighing carefully. It ought to be a great series."

## GAS SHORTAGE IS PREDICTED

MANSFIELD, Sept. 24.—That there will be a shortage of gas in Ohio this winter is sure, according to J. F. Olmstead, general superintendent of the Logan Natural Gas company, in a statement given out here.

"The people may as well make up their minds to the facts and govern themselves accordingly," Olmstead says. "The supply is not adequate to the demand. How great the shortage will be depends upon the weather conditions. Plans have been adopted for 73 cities in Ohio. All will be treated alike as to gas pressure. No favoritism will be shown," he said.

Daily reports are to be sent to Columbus to the state utility commission. Olmstead says experts have asserted that the time is past when it is practical to use gas for heating purposes and that it should be conserved by every household and used only in the smallest quantities.

"Our company has been trying to tell the people of the shortage through advertisements," Olmstead said. "New wells have not been tried to any extent and the old ones can furnish only a limited supply of gas."

## RIVALS OF 1919

No. 2—Second Baseman

By JACK VEIOCK.

Every player in a world's series puts everything he has into every play he makes in an effort to outshine the man who is playing his position on the rival club.

The big classic is always a conglomeration of rivalries between individual players, as well as the teams, and the 1919 series should be a hummer in this respect.

Along this line it would appear that Morris Rath, keystone sacker of the Reds, has his work cut out. Rath will be playing against Collins—nobody but E. Trowbridge Collins, himself, personally.

Baseball folk everywhere are a unit in conceding that Collins is the best second baseman who ever scampered about an infield. He is more than that when you look at it from Rath's angle, because he has already seen service in five series for the world's championships and ranks as the greatest money player in the business. He might have an off year at world's seriesing, you never can tell. But no one expects it. Such a slump on Collins' part would give Rath his chance to outshine the veteran ex-Mackman, and Rath, who is no chicken himself, will grasp every chance that comes his way to put up a better brand of baseball than his rival.

The comparison made here is not made with an idea of belittling Rath. On his showing with the Reds this season, having been brought back to the big show after a long absence, he deserves only the highest praise. Rath led the balance that was necessary to make the Red infield a smooth working combination. He has

been fielding in admirable style and with a batting average of .267 on Sept. 15 he was doing his share of Cincinnati's hitting in a National league season notable for the absence of heavy hitting that prevailed in other years.

But even though Rath plays at top speed against his former teammates—he was once a member of the Sox—the ever-brilliant, ever-surprising Collins may be expected to outshine him. Collins is chain lightning in a world's series. He is a high speed thinker with an uncanny habit of rising to the occasion at the critical moment to pull off a play that will guide a pitcher over the roughest kind of going, or nip an opposition rally in the bud.

Collins, according to all lines of reasoning, is a super-player and his presence in the Chicago lineup undoubtedly gives the White Sox the edge at second base by a very comfortable margin.

In the 1913 series Collins was the star, hitting and fielding in a fashion that made his name a byword among baseball fans the country over.

In 1917 he batted .409 against the pitching of the Giants, and the episode at the Polo Grounds, when Heinie Zimmerman attempted to show him up by trying to outrun him on the base line between third and home, is still fresh in the memories of the fans. Many a player—the average player, in fact—would have been an easy victim for Zimmerman and Rath that day. But not Collins. He timed every turn and every step until he sped safely across the plate. Zimmerman, of course, suffered a lapse in the use of gray matter. Collins did not. He never does.

cleaner pictures. Chief of Police Hugh McDermott witnessed the showing of the film "The End of the Road," at the Diamond theatre Friday night. He said it was the most wonderful film he had ever seen, and it was a pity that every one could not see this wonderful picture and profit by the wonderful lesson it teaches.

## PAULINE FREDERICK AT THE AMERICAN

Should a widower marry a second time to give his child a mother? This is one of the questions which come up for settlement, and which furnish the romance, so rudely interrupted some of the dramatic scenes in Pauline Frederick's latest Goldwyn Picture, "Bonds of Love," which will be shown at the American theatre Thursday.

In the photodrama, the child is being "mothered" by a selfish aunt who knows only her own comfort or discomfort, and never thinks of the child's honest desire to play. As the boy is a real mischievous lad, his life is one round of spankings. However, a new governess is engaged who understands his needs and the void which the missing mother love has made. And she succeeds in filling the breach.

What should the father do? His action and how he was impelled to follow it is dramatically told in "Bonds of Love."

## VIOLA DANA PHOTOPLAY AT STRAND THEATRE

"The Microbe" an original story by Henry Altimus, published in Altimus' Magazine, is the latest addition to Viola Dana's long list of successes and was shown to a large and appreciative audience at the Strand theatre yesterday and will be shown again today.

A girl of the slums—the Microbe, her friends call her—is rescued from the gutter by De Witt Spence, a young author. She is taken to his home, to be educated, much to the disgust of his friends and of Judith's Winthrop, a young woman who has an eye on the author herself. Due to Judith's jealousy and treachery the Microbe is forced to leave and De Witt does not see her until he is called to a hospital to find her critically ill. All the treachery and unhappiness is cleared away and the romance, so rudely interrupted between the author and the girl who has become his inspiration, is resumed.

## STUB ELEVEN READY TO OPEN

STEUBENVILLE, Sept. 25.—High School gridders will put on the finishing touches this week for the opening game Saturday afternoon at Carnegie Field against New Cumberland High. Prospects for a championship contending eleven are very bright.

"Chaytor" Robertson, former star center, plans to return to school this week and will be out for a line position. Robertson weighs about 155 pounds and is a star defensive player. There is a very great possibility of Carmichael, former star halfback, re-entering school this week. Coach Cartledge will soon have a big lot of material and should have no trouble selecting his first eleven for Saturday's important game.

Reports from New Cumberland that the high team of that place is formidable do not worry the locals whatever and there is much confidence that the West Virginians will be easy meat. However, the team is going into the game at top speed in order to make sure of victory.

The full back position on the eleven is still unsettled. Jones, a good punter and open field runner, has not been showing near up to expectations while Hawthorne is speedy and strong but is still somewhat green at football. This problem, however, will be solved this week with a little more practice.

From all appearances Captain "Fritz" Risdon has quit the team. Risdon wanted to play a backfield position or end, but Cartledge had better men for the positions and put Risdon in center, a position he can play speedily. Risdon, it is said, became dissatisfied and has not been out for practice for a week. The team feels the loss of Risdon keenly and the school feels that as captain of the team he should not have deserted it.

The idealism of the teachers in the Talmud Torahs, Jewish primary school, has been commented on by all the relief workers in Poland. The teachers receive hardly any salary and are always hungry, but they never lose heart or desert their posts.

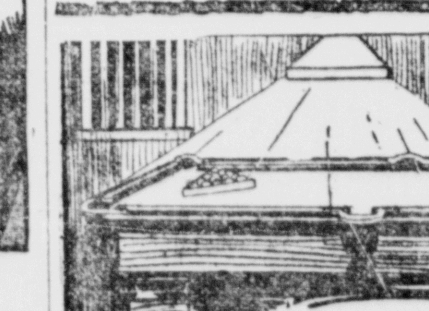

Travelling in Roumania is not like travelling in America, according to Hetty Goldman, an American Jewish relief worker there. On going to Bucharest from Constantza the passengers change from the train to a raft at Cernavoda, ferry across the Danube, and then speed on to their destination in another train that rattles along at nearly eight miles an hour.

Mrs. Rube Benton.

Little Dan Cupid was busy among the players on the Cincinnati team even on the days when the Reds seemed to be a hopeless aggregation of players and the pennant seemed farther away than the millennium. This was proved when Rube Benton recently married Miss Elsie McNutt. The courtship began four years ago when Rube was trying to hurl the Reds out of last place.

## COPS NOT BUSY CITIZENS USE THEM FOR ODD JOBS

STEUBENVILLE, Sept. 25.—With arrests showing a reduction from 400 to 500 in a month because of prohibition, the question of what to do with the policemen is the burning question here. Citizens understanding the situation have sought out the idle cops for different odd jobs. Desk records at the police station show that there were eleven calls from women who wanted their automobiles cranked, one from a business man who wished three mice killed, three calls from women who wanted dead rats buried, one call to exterminate a swarm of bugs about an arc light, and four calls from women shoppers who mislaid their parasols.

The Jews in Constantinople now number 75,000, about one-twentieth of the entire population. Many are refugees who can find no work in the few factories of the city. American relief workers are caring for more than a third of them.

## PUGS PICKED FOR NEW YORK BOXING SERIES

Eliminations Will Begin at New York On February 3.

## RICKARD IS HEAD

Bob Martin of Akron, A. E. F., Will Take Fling with Heavy.

NEW YORK, Sept. 25.—Elimination series which will determine the fighters to meet the present crown holders of the various divisions will be started here Tuesday night, February 3, when the newly organized international sporting club will hold its inaugural show.

The cards have been arranged by the club's matchmaker, Tex Rickard and they will bring together all the contenders in the professional ranks, the new industrial class and the army and navy.

For a heavyweight army championship belt doted by Major Drexel Biddle, president of the club, six-round bouts will be fought on the opening night between Capt. Roper and Sgt. Al Roberts; Sgt. Krohn and E. Lincoln; Sgt. Jack Burke and Sgt. Bob Martin; Private G. Tunney and Jack Clancy. The winner will be stacked against the army champion for a belt donated by Maj. Gen. Wood. A similar weeding out process will be conducted among navy contenders for the Admiral William Sims belt.

The first heat in the middleweight division will be held Tuesday night, February 10, for a belt presented by the club. In six round bouts Mike Gibbons will fight Jeff Smith; Jimmy Clabby will mix with C. Higgins; George K. Brown against J. Clarke, and Butling Ortega against a selection. The second heat will be fought on February 17, the semifinals on February 24, and the survivor will be pitted against the champion, Mike O'Dowd, in a 10-round bout on March 2.

The battles in the welterweight division will start February 17 with six-round bouts between Ted Lewis and Jack Malone; Bryan Downey and Benny O'Keefe; Johnny Griffith and Billy Ryan; Soldier Bartfield against a selected opponent.

Semi-finals will be held on February 24 and the winner will meet Champion Jack Britton in a 10-round bout March 2.

The lightweights will get into action on February 24. The first heat will be six-round bouts between Johnny Dundee and Lew Tindler; Ritchie Mitchell and Charley White; Joe Welling and E. Fitzsimmons; Frankie Callahan and Frankie Britt. Semi-finals will be fought March 16 and the winner will be stacked against Champion Benny Leonard in a 10-round mill March 30.

The first heat in the bantam division will come March 16. Pal Moore will meet Frankie Burns in a six-round bout and Joe Lynch will go against Joe Burman. The semi-final will be staged March 23. The final bout with Pete Herman has not been arranged.

The flyweight eliminations, starting March 23 will bring together Carl

## SALLEE WON'T PITCH IN PHILLY BALL PARK

Slim Sallee comes very near being the most important part of the famous Red machine that has run rampant through the National league this year, but there are very few fans who know that his fame extends also in another direction. Sallee, canny, wise old pitcher, never has started a game against Philadelphia in its home ballpark. In fact, only thirteen starts against Philadelphia's National league club have been made by the elongated southpaw.

The reason for Slim's refraining from pitching when his club visits Philadelphia is simply this: He is easy for the opposition to touch for long flies. And long flies in the National league ballpark in the sleep city are home runs. Some one would be breaking home run records if Sallee did much serving. Occasionally the left handed master has finished a ball game against the Phils, but never in all the years he has been curving in the National league—under the colors of St. Louis, New York and Cincinnati—has he started against the Quakers on their home lot. Quite a record? Sure!

## MAN ENDS LIFE AT LEETONIA

Lying in a pool of his own blood, the lifeless body of Frank Lenox, 55, millworker of Leetonia, was found in a narrow alleyway between two buildings in Leetonia, Wednesday.

Lenox's throat was slashed from ear to ear and the arteries in his right wrist severed. The gruesome find was made by Chief of Police C. J. Sullivan.

Lenox, it is believed, ended his life a short time after he left his boarding house. Constant brooding over a threatened loss of his eyesight as a result of an injury sustained at work in the Cherry Valley works of the United Steel company is believed to have been responsible for the deed. The body is being held in a Leetonia morgue pending word from relatives in Nelsonville, Ohio.

## MAY TAKE UP LICENSES OF SPEEDING AUTOISTS

DAYTON—The taking away of the automobile license of those found guilty of violating speed and traffic laws has been recommended to the Chamber of Commerce and it is likely that the commercial body will go on record as favoring this punishment. It is done in other parts of the state.

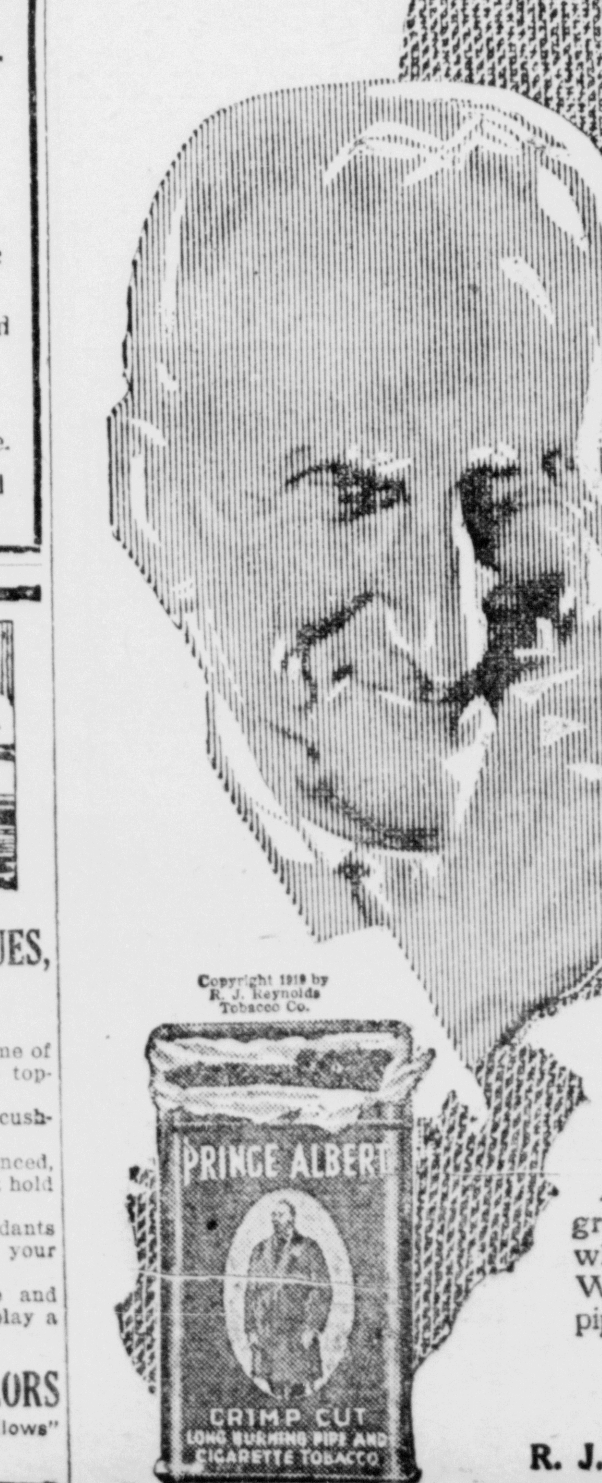

Polish cities are overrun by starving orphans who hunt their food in packs like wolves. A horde of these prowling children attacked an overcrowded orphanage in Warsaw while an American Jewish relief agent was watching the distribution of the scanty single meal of the day. The teachers were forced to drive the street gamins away to protect their own charges.

Tremaine and Frankie Mason; Joe Dillon against a selection. The winner may meet Jimmy Wilde, champion of the world.

Mixed through the cards will be eliminations, semi-finals and finals for the heavyweight championships in industrial classes.

Similar eliminations will be held in the police and fire departments of New York, the winners to meet the champions of the London department.

### FALL ACTIVITIES AT Y. M. C. A. BEGIN

The fall activities at the Y. M. C. A. were inaugurated Tuesday evening when the Senior gymnasium class appeared for regular "gym" work. General Secretary E. K. Bennett announced Wednesday.

John Mylar, graduate of the Senior gymnasium class at the local "Y," has assumed temporary charge of the classes pending the arrival of a new Scheffer, who resigned early this month.

### Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating, its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Four or five ounces of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

### FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

**"BONDS OF LOVE"**

The Love That Bound Her

It was love for her boy that bound her to the house of hate. It was the love that made her suffer in silence under the lash of scandal and suspicion—that sealed her lips when a word would have broken down the barriers of suspicion and misunderstanding between her husband and herself.

An absorbing drama of love and sacrifice; a page from the book of life.

**GARY'S STAND  
IS ENDORSED**

COLUMBUS, Sept. 25. — Endorsement of the stand taken by President Gary, of the United States Steel Corporation, and commendation of the position assumed by Governor Coolidge of Massachusetts in the Boston police strike situation, are contained in telegrams signed by the Ohio Manufacturers' Association, through its executive secretary, Malcolm Jennings. The telegram to Gary reads: "The Ohio Manufacturers' association officially endorses your courageous and patriotic stand for industrial freedom and against the effort to socialize industry and substitute soviet government through a workmen's committee for the representative republic handed down by our fathers and sanctified by the blood of our national heroes."

In its message to Governor Coolidge, the association declares: "The servants of the republic and its subordinate divisions must recognize no other authority and yield allegiance to no private or class interest."

Newark — Elmer Hartman slowed down as he approached a railroad crossing and listened before crossing the tracks.

While in the act of listening, he said, his auto was hit by a "speeder" which made little noise and had no warning device. Claiming his machine was "damaged to the condition of Junk," Hartman has brought suit against the Baltimore and Ohio railway company for \$400 alleged damages.

**Diarrhoea in Children.**  
For diarrhoea in children you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. Mrs. W. S. Kunkle, Blairsville, Pa., writes: "I have Chamberlain's Colic and Diarrhoea Remedy saved my little boy's life two years ago when he had summer complaint that run into bloody dysentery. After giving him one dose of this medicine I saw a change for the better. Thus encouraged, I kept up the treatment and he was soon out of danger."
